idlewood—Skating Ring.

"Way Down East" seems to have lost none of its popularity in Richmond. The old New England play last night drew a large audience at the Academy—an audience that followed every line of the story with as much interest as though it had never been told before. The cast last night was quite up to the average. Eddle Heron, as the familiar "Hi Holler," scored well with the audience. He worked hard and earnestly to get everything out of the part that was in it, and desorved the success which his efforts earned. The most natural character in the production of last night was the Louisa Bartlett of Josephine Bacon. The rest of the cast is good.

"Way Down East" will be repeated at matinee and evening performances to-day.

We are certainly excelling ourselves and everybody else in the present quality of Arbuckles' Ariosa Coffee.

No such quality of coffee can be sold out of a bag, bin or tin, or under any other name by anybody in this town, for anything near the same price.

That's a strong statement, but you can take our word for it, and we are the largest dealers in coffee in the world. Another thing -- the egg coating on ARIOSA COFFEE does not improve its appearance but preserves the flavor and aroma.

Remember that ARIOSA is not sold to look at, but to drink.

Mrs. Moses, not strong in health, found it impossible to preside actively over the deliberations of the method to the chair. Mrs. Atwater, of Indianapolis, vice-president, was called to the chair. Mrs. Atwater, too, welcomed the women, and the opening devotional exercises followed. This was succeeded by the regular business of the meeting, the first matters taken up being the hearing and consideration of reports from officers and missionaries under the board. Quite a number of the church missionaries are attending this convention. Others are to arrive during the meeting.
